

So, you want to take a day off?

Take a look at what you're asking for:

- ◆ There are 365 days per year available for work.
- ◆ There are 52 weeks per year in which you already have two days off per week, leaving 261 days available.
- ◆ Since you spend 16 hours each day away from work, you have used up 170 days, leaving only 91 days available.
- ◆ You spend 30 minutes each day on coffee break. That accounts for 23 days each year, leaving only 68 days.
- ◆ With a one hour lunch period each day, you have already used up another 46 days, leaving only 22 days for work.
- ◆ You normally spend 2 days per year on sick leave. This leaves you only 20 days left for work.
- ◆ We are closed for 5 holidays per year so your available working time is now down to 15 days.
- ◆ We give you 14 days vacation per year, which leaves only one day available for work, and I'll be darned if you're going to take that off too!
